

CHECKOUT BARRIER WITHOUT LOCK WITH HIGH BAR

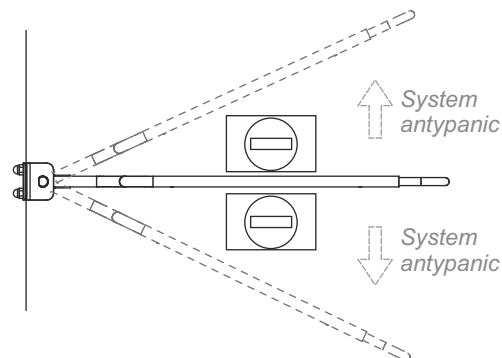

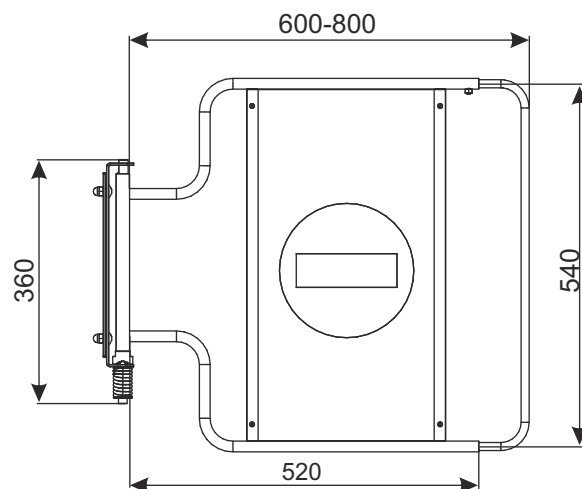

The gate is used in checkouts area.

Bidirectional gate - opens in right side and left side. To open or close the gate lift the swivel arm and turn in requested direction.

Installed "anty-panic" system prevents from opening a gate in opposite direction. This system allows you to open an emergency gate at the appropriate pressure despite the blockade.

There is possibility of adjusting arm length to 600 mm to 800 mm.

Gateway fixed to the checkout box.
